

Search Engine Optimization Service

What you get

Professional Search Engine Optimization (SEO) Services over the period of 6 months. We will help you attain premium positions within major search engines and analyze your website as well as make necessary modifications in order to make your website "search engine friendly".

Therefore your website will be rewarded with higher rankings.

- Website Analysis
- Website Optimization
- Keyword consultation
- Website Submission
- Link Building
- Monthly Reports
- Guaranteed top 10 results!

Keyword Analysis

Based on your suggestions, we will develop a list of keywords that are relevant to your website and at the same time are expected to generate significant traffic.

Once our experts have determined the proper keywords, you will be sent the results via e-mail. You can then approve the list or add additional keywords.

Website Analysis

We will analyze your existing web pages to make sure they are "search engine friendly" and give you advice on how to improve them.

Text Writing

Our editors will create additional content incorporated with your list of keywords.

We then integrate these keywords into specific locations and pages of your website.

Search Engine Submission & Monthly Reports

We submit your website to all the major search engines and directories.

Develop a sitemap for your website

We will send you a monthly report based on your keywords describing the position of each keyword in every search engine.

The Price

One time setup fee	\$350
Monthly Maintenance fee	\$300 per month

Guarantee

Any website containing flash, frames/layers or adult material is not eligible for the guarantee. Websites that have been altered after Sijison Inc has optimized them may also be voided. If customers do not respond to communications from Sijison Inc for more that 60 days, the website optimization process may be considered "abandoned" and payment will be surrendered in full.

Sijison Inc will not be help liable for any lost profits or other incidental or consequential damages arising from the Search Engine optimization service provided.

This Search Engine Optimization process does not guarantee any sales or traffic to your website. Traffic and sales depend on the demand of your particular product or service, the design of your website and many other factors that are beyond the control of Sijison Inc.

Results

It's important you understand that improvement naturally takes time. While results won't happen overnight, you can expect to see improvements in placement within 4-6 months. If you aggressively approach your SEO marketing, then results can happen faster.

I assure you after we optimize your website through our successful SEO approach your website will get good amount of visitors and sales. I will also provide you with your Google analytic user account information so you can track for yourself the improvements in traffic to your website.
